

INSTALLATION INSTRUCTIONS:

2019 STAND ON MOWER L.E.D. LIGHT KIT

FITS ALL 2019 MOWERS

❖ NOTE: ALL WIRING OF THIS PRODUCT IS THE SOLE RESPONSIBILITY OF THE CUSTOMER.

STEP 1

- Locate and remove the carriage bolt to be used in this installation.
- Retain the nut and bolt, they will be used in the installation.

NOTE: The same bolt will be used on the opposite side of the machine.

STEP 2

- Assemble the light and bracket and attach it to the Mounting Bracket.

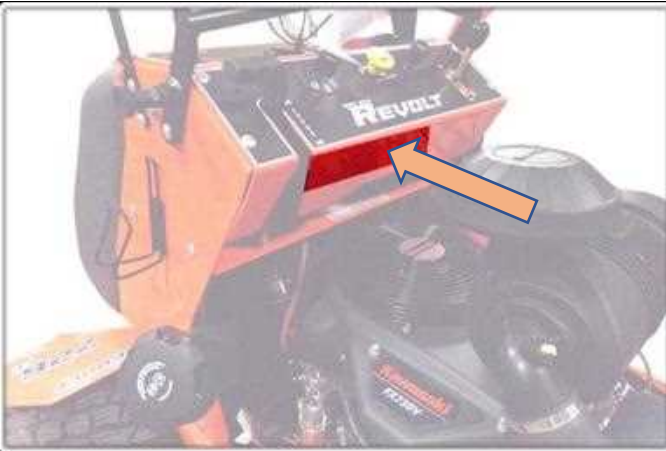

STEP 3

- On the inside of the panel, align the bracket hole with the carriage bolt hole in the panel and use the previously removed nut and bolt to secure the light bracket assembly.
- Adjust to the preferred angle and tighten all of the bolts.

Note: Repeat the previous steps on the other side of the machine.

STEP 4

- Choose the area for the Rocker Switch Bracket.

NOTE: The area shown here is a suggestion. The Rocker Switch location is at the discretion of the installer.

STEP 5

- Use the provided self-tapping screw to secure the Rocker Switch Bracket to the panel.

NOTE: Once the rocker switch bracket is in place, proceed with wiring according to wire harness manufacturer instructions.
